Like many of the world's great wines, our wine list is created to reflect a sense of place. Cavallo Point sits at the gateway to California's venerable North Coast, home to some of the world's most renowned wine-growing regions. Our list celebrates the history of wine in California, and presents a vision of where it is going. From the state's legendary wineries that laid the foundation, and the cult wines driving the mystique, to the small production, artisanal producers who are pushing the envelope of quality, we strive to tell the true story of wine in California.

While we are passionate about the wines made here by our friends and neighbors, we would be remiss to ignore the incredible wines produced around the globe. The centuries old wine-making traditions brought here from the old-world have been built upon to become the California wine culture that we enjoy today. We pay homage to those traditions through our extensive collection of the finest wines produced throughout the world.

The Cavallo Point wine list is comprised of over 2,200 selections from 25 countries, with vintages dating back to 1922. Our Sommeliers are always happy to offer their guidance and recommendations. If you have a special bottle from your cellar you would like to enjoy while dining with us, our corkage fee is \$30.00 per 750ml, and we will gladly waive one corkage fee for each equivalent bottle purchased from our list.

We thank you for coming to Cavallo Point, and are happy you can spend some time with us at this very special place. Whether you are here for a few hours or a few days, we hope to make your time with us memorable and enjoyable.

### BURGUNDY - CÔTE CHALONNAISE

#### RULLY

*Golden colored, with notes of honeysuckle, violet, lemon and white peach. With a few years age, characteristics of honey, quince and dried fruits come out. Perfect match for seafood and poultry.*

### BURGUNDY - MÂCONNAIS

#### POUILLY-FUISSÉ

*These crisp wines show elegant minerality, notes of nuts, citrus, peach, brioche and honey. Great with shellfish, poultry in cream sauce, goat's cheese and spicy dishes.*

### BOURGOGNE

*Quite aromatic and a bit more delicate than most white Burgundies, prevailing notes are hazelnut, honey, butter, flowers and flint. Great as a "starter," as well as match with fish, shellfish and both soft and hard cheeses.*

6915	Pierre Durdilly	2015	60.
6449	Remoissenet	2015	65.

## french white

### LOIRE VALLEY

Possibly France's most varied wine region. The eastern communes of Pouilly-Fumé and Sancerre produce bright mineral driven Sauvignon Blancs, while the central communes of Savennières and Vouvray produce stunning, light-bodied but highly aromatic Chenin Blancs.

### SANCERRE

Sancerres are Sauvignon Blancs with citrus and flinty mineral notes. Soils are rocky and rich in limestone.

7077	Domaine Girard - Les Monts Damnés	2017	75.
6809	Domaine Vacheron	2017	66.

### POUILLY-FUMÉ

These Sauvignon Blanc based wines often have notes of green fruit (e.g., lime, green apple and gooseberry), with citrus, herbal, wet wool, slate and gunflint notes.

5014	Didier Dagueneau	2012	206.
5815	Didier Dagueneau	2013	217.

5816	Didier Dagueneau - Pur Sang	2013	272.
5760	Didier Dagueneau - Silex	magnum 2012	685.

### VOUVRAY

One of the top regions in the world for Chenin Blanc, styles range from dry (sec) to off-dry (demi-sec) and even sparkling. The best Vouvrais have the potential to age for decades.

5885	Domaine Huet - Demi-Sec, Le Mont	2015	95.

### RHÔNE VALLEY

*A region in Southern France located on the Rhône River. These are crisp wines, rich with flavors of green apple, honeysuckle, spice and nuts.*

#### CONDRIEU

*Home to the fashionable yet difficult Viognier grape – an elixir of soft tree fruit, peach, pear and apricot, with sensational aromatics.*

6129 | Domaine Faury 2015 120.

### HERMITAGE

*A robust blend of Marsanne and Roussanne, these wines are firm with citrus and mineral notes in their youth, evolving into a soft, golden wine with aromatics of nuts and honey when they age.*

2912 | J.L. Chave 2008 333.

### CHÂTEAUNEUF-DU-PAPE

*These wines rely on six different varietals. Grenache Blanc, Marsanne and Roussanne provide fruitiness and fatness, while Bouboulenc, Clairette and Picpoul add acidity, floral and mineral notes. Notes of almond, star fruit, anise, fennel, honeysuckle and peach.*

0447 | Château de Beaucastel - Vieilles Vignes 2005 290.

## italian white

Italy's white wines are some of the best values and most versatile in Europe. The classic profile is dry, citrusy and nutty, with limited oak. Whether they are from the mineral driven sites of Alto Adige or from the salty volcanic soils of Sicily, you can find wines of tremendous character.

### PIEDMONT

6880	Bruno Giacosa - Roero Arneis	2016	60.

## german white

### GERMANY

German whites are a true lesson in the balance between acidity and sweetness in a wine. The top whites are classified through the Prädikatswein classification (Kabinett, Spätlese, Auslese, Beerenauslese, Trockenbeerenauslese), meaning as ripeness increases so does fruit character and sugar levels. These wines show prevalent apricot, apple and citrus notes.

### RIESLING - SPÄTLESE

6808	Freiherr Langenwerth Von Simmern - Rauenthaler Baiken, Rheingau	2001	120.
------	---	------	------

## southern hemisphere white

### SOUTH AFRICA

South Africa is increasingly producing elegant and zesty white wines, including Chardonnay, Chenin Blanc, Riesling and Sauvignon Blanc. Where previously everything was over-oaked, now the wines show a nice toasty note.

6317 | Hamilton Russell - Chardonnay, Hemel-En-Aarde Valley 2016 70.

### rosé

Rosés can be made from many different red varietals. The three most common techniques are maceration for a few hours (#1), saignée, where juice is bled off during the first few hours of making red wine (#2) and blending a bit of red into a vat of white (#3 and rarely used). Versatile and food-friendly, to go with everything from light dishes to bbq. Notes are typically strawberry, rose petal, citrus zest, melon and rhubarb.

### AMERICA

6876 | Cline Cellars - "Ancient Vines," Rosé of Mourvedre, Contra Costa County 2017 34.

7165 | Flowers - Rosé of Pinot Noir, Sonoma Coast 2018 60.

#### NAPA VALLEY

*Some of California's most collectible wines, they are typically medium to full-bodied, with intense ripe flavors of black currant, cassis, chocolate and cedar. Wines from the mountain regions of Spring Mountain, Howell Mountain, and Mount Veeder have firmer tannin and concentration, while the valley floor regions such as Oakville, Rutherford, and St. Helena possess more finesse and elegance.*

### PINOT NOIR

Over the last decade Pinot Noir has become more fashionable to Americans thanks to superb elegance, complex fruit, and spicy aromatics.

### CARNEROS

The first wine region in California to be defined by climate, rather than political boundaries, it stretches over both Sonoma and Napa counties. The bay breeze helps nurture spicy Pinots, with tight structure, and high acidity with pronounced red cherry and berry flavors.

5940 | Patz & Hall - Hyde Vineyard 2014 141.

### SONOMA COAST

The largest AVA in Sonoma County spanning 750 square miles. Some of the most sought after Pinot Noir vineyards are planted here. Extreme coastal producers such as Peay and Hirsch have higher acidity levels while producers such as Clouds Rest from the southern part of the AVA have a more concentrated red fruit profile.

### BORDEAUX - LEFT BANK

Made up of the Médoc and Graves regions, the wines on the Left Bank of the Gironde River are extremely well known, with many Chateaux producing great wines for centuries. Typically 70%, or more, Cabernet Sauvignon, blended with Merlot, Cabernet Franc, Malbec and Petit Verdot, these wines are smooth and polished, often with cedar and blackcurrant notes. Using a classification system from 1855, top producers are rated from "First Growth" to "Fifth Growth", with some unclassified producers making fine wine as well. Very ageworthy.

Rustic wines with power and finesse. Syrah, often co-fermented with Viognier, these wines show white pepper, mineral, crushed flowers, roast meat, and coffee notes with a thin layer of acidity to complement the finish.

## RHÔNE VALLEY

### CHÂTEAUNEUF-DU-PAPE

Although Châteauneuf's main focus is on Grenache, producers have the freedom to make wine from 18 indigenous red and white grape varietals, allowing them to offer wines in a range of styles. Generally, notes tend toward red fruits, dried herbs, cinnamon, vanilla, game, and hints of forest floor.

### PIEDMONT

Some of the most long-lived red wines in Italy are produced here in the hills of the Langhe. The villages of Barolo and Barbaresco have established a prestigious collection of single vineyards comparable to the Cru system in Burgundy.

### BARBARESCO

While often compared to Barolo, these wines are generally softer and more elegant than their neighbor, offering a spicy aromatic with enough acidity and tannin to complement a wide variety of cuisine. Dry, rich, powerful wines, with aromas of spice, pepper and black cherry.

1629	La Spinetta - Gallina	2004	232.
1627	La Spinetta - Staderi	2004	210.

### BAROLO

Barolos are rich, concentrated, heady wines with substantial tannins, acidity and power. The softer, fruit driven wines are known to age rapidly while more structured versions mature slower showing complex aromas of plums, dried roses, licorice, leather, and tar notes.

### LANGHE

*Langhe is the hilly area north of Alba, and includes the regions of Barolo and Barbaresco. The wines are based on Nebbiolo, either as blends, in the Langhe-Rossos, or in varietally specific bottlings of Langhe-Nebbiolo. Typically, these wines are powerful with floral aromatics and notes of spice, tar and tobacco.*

*A small village in Italy's Piedmont region, and one of the best regions to grow Barbera. Giacomo Bologna's "Braida" wines are aged in new French oak barrels and are more complex and nuanced than most regional wines.*

### TUSCANY

#### MONTALCINO

*A region in Tuscany focusing on wines produced from Sangiovese Grosso. The wines are rich, intense and fleshy, with notes of blackberry, black cherry, raspberry, chocolate, leather, violets, vanilla, and game; sweet tobacco notes develop with age. More complex, and longer-lived than the Sangiovese produced in Chianti.*

1722	Valdicava - Brunello di Montalcino, Madonna del Piano Riserva	1996	390.

#### “SUPER TUSCAN”

*Super Tuscans are red blends that stray from the strict laws governing the wines of Tuscany. The native Sangiovese grape is often blended with French varietals such as Cabernet Sauvignon, Merlot, Cabernet Franc and Syrah. Some bottle 100% varietal wines, a practice forbidden by many DOCs in Tuscany. The result of these experiments has been the creation of some of Italy's most sought after wines.*

### LEBANON

The improbable blend of Cabernet Sauvignon, Cinsault and Carignan from Lebanon's Bekaa Valley, gets at least a year on French oak, rests, and at year three is blended and bottle-aged for four more years prior to release. Drinkable upon release, these ageworthy, complex wines are best after at least ten years and just get better with age. The nose varies from wild herbs, earth, spice and anise to sweet fruit, tobacco and smoke. Musar reds are distinguished by two characteristics that are typically considered faults in most wines: volatile acidity (which conveys the smell of acetone) and Brett (its sensory compounds reminiscent of funky barnyard). Incredibly interesting wines.

### SAUTERNES

*This Left Bank Bordeaux is one of the most concentrated, unctuous, balanced sweet wines made today. The wines are composed of Sauvignon Blanc and Semillon grapes affected by botrytis. In their youth Sauternes show peach and apricot notes, with age flavors develop into caramel, honey, toffee, and spice.*

### PORT

Ports are named after the city of Oporto in Portugal, where they have made these dense, sweet wines for more than 300 years. It is common for blends to contain a dozen or more varietals of the more than 80 that are grown in Portugal. The wines are then fortified with brandy to stop fermentation, and boosting alcohol levels to 18-20%.

### VINTAGE

Vintage ports come from a single year and are aged for two years in wood before maturing in bottle. These are top quality ports, but produced only three to four times per decade.

### MADEIRA

Owned by Portugal, Madiera is a small, volcanic island off the coast of Morocco that produces, perhaps, the world's most resilient wine. There are four basic styles of Madeira: Sercial, the driest, is noted for almond aromas, nerve, and a searing finish. Verdelho is medium-dry, smoky, with a tang of acidity. Bual is medium-rich with higher sugar levels and balanced acidity. Malmsey is the sweetest Madeira with notes of caramel, toffee and vanilla, and gets richer with age.

### SHERRY

These fortified wines from the city of Jerez in southwest Spain vary in style from Fino, a dry aperitif, to a richer, sweeter style like Oloroso. Sherry is produced by adding grape spirits to finished wine, then continuously blending together several different vintages stored in a series of casks, called a solera. Up to 33% of each cask can be withdrawn in any year and re-filled from recent vintages to ensure consistency of the finished wine. Oxidation plays an important role in the flavors of Sherry.
